THE NEW JERSEY EXONUMIA SOCIETY

PRESIDENTS REPORT

The first NJES "swap session" at Dunellen turned out better than expected. Thirty three members and guests attended and a large variety of material was exchanged.

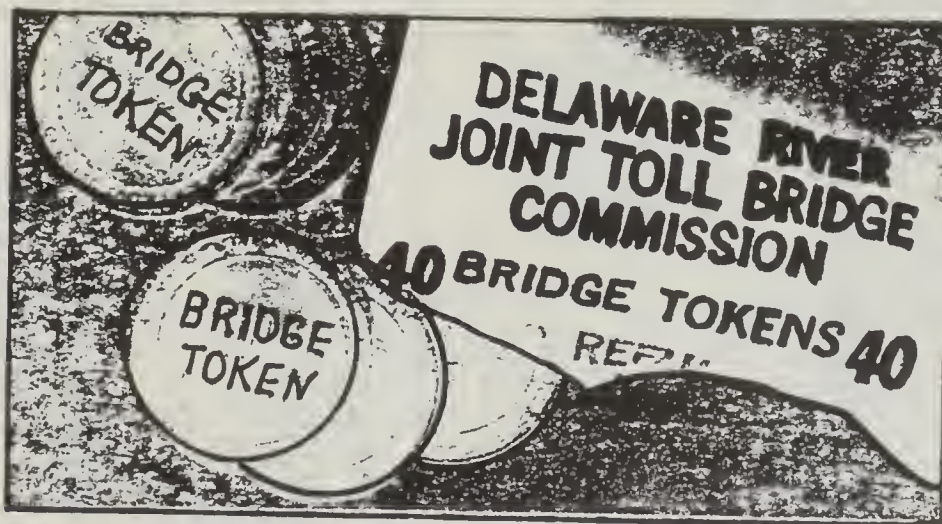

I would like to thank all the members who participated in this affair and "special" thanks to Peg and Jack Wilcox for making the arrangements, setting up the tables and brewing the delicious coffee. We would like to do this again, perhaps in another area of N.J., so if anyone is aware of a suitable meeting place that can be rented at a modest cost, please contact me, or one of the other officers.

I'm sorry to report that our able and hard working Sec't/Treas., Jerry Zara has resigned due to an increased work load. Herbert Weiss has been appointed to fill this vacancy and will serve until the next election. Herb is a dedicated member and I'm positive he will serve in a efficient manner. Our sincerest thanks Jerry, for the excellent job in handling the duties of your office and your help and advise in making the NJES a viable organization.

In closing, may I wish you all and your loved ones, a most happy, peaceful and prosperous New Year.

Sincerely,
Al Zaika
Al Zaika

from the TRENTON TIMES (12-1-82)

What cost \$2 for a roll of 40 tokens yesterday morning, cost \$4 by afternoon on the Route 1, Trenton-Morrisville Bridge.

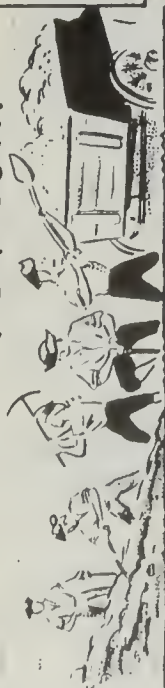

Commuters between Trenton and Morrisville were surprised yesterday afternoon to learn that the trip across the Delaware via Rt. 1 toll bridge cost twice as much as it had in the morning.

Mr Al Zaika
201 Bergen Ave
Bellmawr, N.J. 08031

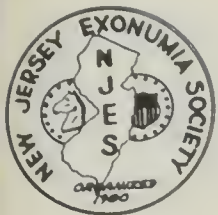

Dear Mr Zaika,

The medallion in your possession is one of several thousand that have been awarded to students over the last twelve years upon their attaining a varsity or jr. varsity letter for participation in an authorized athletic program at Montville High School.

The award has of this year been discontinued and replaced with a varsity sweater presentation.

This award was made by the Mustang Association which is the recognized booster group for the high school.

Sincerely
Jerry Hug
(President)

IN MEMORIAM:

FRANK J. BRADY #NJES 90
OCT. 16, 1917
DEC. 25, 1982

While crossing the street by his home in the morning of Christmas Day, he was the victim of a hit and run driver, and died instantly of extensive injuries.

Frank was loved by all who knew him and especially Transportation collectors whom he helped so much.

A true friend, he filled us with his presence and for this we must be grateful.

You will be missed by many.

Just about every Jersey collector has this 28mm token in their collection. Your Editor has just learned it was designed by NJES member Howard Mayland, about 10 years ago. 1000 was made.

THE NEW JERSEY EXONUMIA SOCIETY

PRESIDENT'S REPORT

The response to the initial announcement of the availability of the NJES logo, lapel pin has been very disappointing, with a grand total of 2 orders received. The pins are 7/8", round, of blue, green, white and black enamel, with a silver background. Please help our treasury along by ordering one of these attractive pins now. Ordering details are shown elsewhere. (classified ads)

One of our members, Frank Brady, of New York City died as a result of being struck by a "hit run" driver, last December. Frank was a close friend of long standing and he will be missed, sadly.

Within the past few months I have asked a number of our members to become candidates for this years officers election, with negative results. A new slate of officers must be elected this year, so I urge you all to give serious thought to run for one of these offices. If your interested in becoming a candidate, or wish to nominate someone, please notify Sec-Treas. Weiss, or any of the other officers.

Best Regards,

Al Zaika
Al Zaika

ATLANTIC CITY TRANSPORTATION TOKEN

Dear Gary:

It sounds as though you have an interesting bit of Princetoniana in your medal collection. "Old Guard" in this context means any alumni class past its 50th year since graduation. Membership is automatic for all members of the class and the term does not connote a special club or society.

By the way, it's a reflection of changing times that today's alumni classes now resist coming under the "Old Guard" category until their 66th reunion.

Sincerely,
Elizbeth Wolfe
Elizbeth West Wolfe
Associate Director

This is a rough sketch just to give you an idea what the Badge looks like.

The information is what's so interesting. This Badge would have been made for the graduating class of 1860.

Badge made by Whitehead & Hoag.

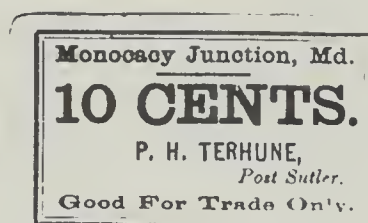

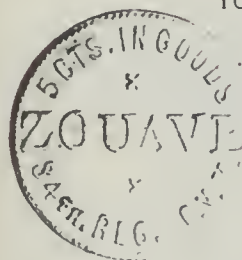

CIVIL WAR SUTLER TOKENS AND CARDBOARD SCRIP BY DAVID E. SCHENKMAN

This hardbound volume (8 1/2 X 11" format) catalogs nearly five hundred tokens, many of which have never previously been listed. Complete obverse and reverse descriptions of the tokens are given, and a rarity guide is included in the text. The book is profusely illustrated, and the introductory section includes a wealth of information on sutlers and their tokens. The various die sinkers who struck tokens are also discussed.

Collectors of obsolete paper money will also find this book an interesting reference. In a separate section 98 varieties of cardboard sutler scrip are cataloged, a large number of which are unlisted in earlier works.

CIVIL WAR SUTLER TOKENS AND CARDBOARD SCRIP will surely become the standard reference work on the subject. This book belongs in the library of every serious token collector. The price is \$27.50, postpaid (Maryland residents must add \$1.37 state sales tax).

Your copy will be autographed by the author on request.

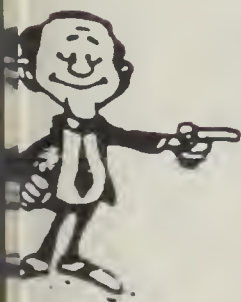

FROM TIME TO TIME NJES WILL OFFER THE MEMBERSHIP BOOKS AT DISCOUNT RATES (as we did with NEW JERSEY'S MONEY by George W. Wait).

HERE IS YOUR CHANCE OR YOUR CLUB'S CHANCE TO GET THE ABOVE BOOK (Reg. Price \$27.50) AT A DISCOUNT RATE OF \$20.50 postpaid.

DEADLINE: ALL ORDERS MUST BE IN BY APRIL 8TH.

Mr. Gary Patterson
RD #3
1108 N. Hampton Blvd.
Toms River, NJ 08757

Dear Mr. Patterson:

The Phelps & Sons Mfg. Co. was a button making firm. The 1902/03 city directory listed the owners as Augustus Phelps and his sons John H. and Charles H. The first entry for the firm is found in the 1886 directory. Early on one entry states that the firm made cloth and metal buttons. It was located at 395 Mulberry Street. Later on it was situated at 110 Pennington Street.

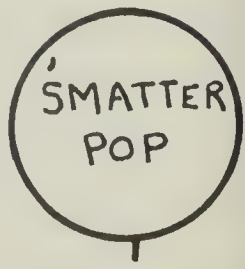

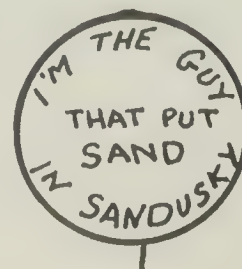

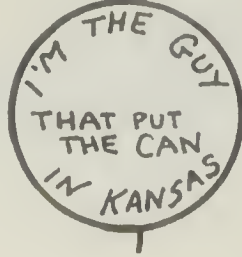

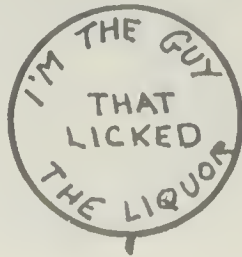

The 1915 directory listed the firm thus: "Phelps & Sons Mfg. Co. Inc., Button & Badge Mfg." The last entry was found in the 1924 directory. At this time the firm was manufacturing 'metal wears novelties'.

I checked numerous directories from 1899 to 1934 but found no listing for the American Pepsin Gum Co.

Sincerely,

James Stuart Osbourn

Mercerville, NJ 08619

WELCOME TO NJES !

Most of you should know Tom. He is a well known dealer in the Ohio area, (he's the one with a BIG BLACK BEARD). If your interested in Lumber or Coal Tokens - write to Tom - he has a "MINE" full of them.

Charles - I can't recall ever seeing a token or medal issued out of Morganville - Send rubblings of "ANYTHING"

Mark - Getting members from Pallisades is just as hard as finding those token from the "PARK"

Peter & Albert - We have a pretty good idea what has been issued out of Warren & Piscataway - so let us know what you are interested in and maybe we can help in some way.

We go to press everyother month around the 15th (except May Issue - because of our annual meeting in June), ADs are FREE to all members (Deadline - 1st of the month), FULL Page ADs are \$10, 1/2pg \$7, 1/4pg \$3. Business Cards - \$2.

If you need help - please write to any of the officers at ANYTIME.

N.J. 1949
BERLIN TWP.

PLACES OF INTEREST

This Dog Tag was picked up at the BERLIN FARMERS FLEA MARKET (in the S.W. part of the state) for 10¢. If you haven't been to this place it is well worth the ride.

It will take you well over 2-3 hours on Sunday to cover everything.

We still have some back issues of the Jerseyana left. Cost 37¢ (postage) ea. Write the Editor.

THE NEW JERSEY EXONUMIA SOCIETY

PRESIDENTS REPORT

Our annual meeting at the G.S.N.A., Cherry Hill, N.J. Convention is rapidly approaching, so now is the time to make plans to attend. The meeting will be held at 1: PM, June 25, 1983. Mark your calendar now for this important event. In addition to the business meeting and election, a speaker, or slide program will be presented. Come on out and meet your officers and fellow members, its a great experience.

The slate of nominees for our forthcoming election is still lacking a candidate for the office of president. I have been asked to run for another term, but I have respectfully declined. After three years as president, I believe its time to retire and allow some new talent to take over and impliment some new concepts. If your interested in running for president, or wish to nomonate someone, please contact Herb Weiss, or one of the other officers.

Hope to see a lot of new faces at Cherry Hill next month.

Best regards,

Al Zaika

Al Zaika

AL ZAIKA

by gary patterson

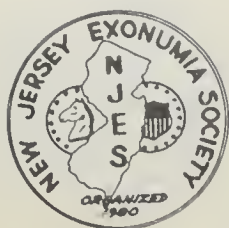

I first met AL in 1976 at the G.S.N.A. Convention after corresponding with him for over a year. In 1978 I suggested we try and form some kind of a club for N.J. collectors.

N.J.E.S. is now history and AL played a very big part in accomplishing this task. He kept the "BUSINESS ATMOSPHERE" out of our club and kept the "ENJOYMENT OF COLLECTING" in. There are but a few "GIANTS" in our hobby and AL is right up there with them.

I'm sure he will be there to help us when we need him as he has never hesitated to help me.

In closing I wish him luck and thank him for all the long hours he worked for NJES. It has been a pleasant, enjoyable and rewarding experience to work under him as his Editor.

Robert Kevin Burke

Dear Gary,

I am writing to the membership through you, the Editor of NJES. John A.B. Cormack, with whom I've corresponded with for a couple of years through an article in Coin World, possess one of the largest check collections that I've ever heard of, consisting of over 16,000 pieces.

Among those, he has over 400 from New Jersey ! In my last letter to him I told him about the NJES, and he in turn asked me for help.

If every member would take 5 minutes to write a check (I've enclosed a sample specimen which he would like followed) and send it to me (I of course would send them all at one time), this retired man who's in his seventies with little more than his proud hobby, would be extremely happy.

He isn't worried about duplicate banks; the different name makes it worthy of his collection. If a member would like to correspond directly, I've enclosed his address.

The CHR.ATZ Brewery Token by Bob Slawski

The origin of a token has always been of great interest to me. Most of the New Jersey tokens were made locally — Quints, in Philadelphia, Whitehead & Hoag, in Newark, American Railway, in New York City, and a few others. This seems to be the logical thing for a merchant to do. Why then, was the CHR.ATZ token made, of all places, in Buffalo, New York? Were other New Jersey tokens made there?

Having purchased many of the dies of the A. C. Gibson Co. of Buffalo, I've taken on the task of cataloging these pieces of history. Unfortunately, the original family member, Calder Gibson, had retired a few years ago and sold the business to a local stamp and stencil manufacturer. When the shop was reorganized, all records of the tokens made in the past were discarded and all that was saved were the dies. They have been there for many years now, collecting dust, until my discovery. As you would suspect, most of the dies were businesses in and around Western New York, and Ontario, Canada, but other areas were represented. Among them were Wisconsin, Maine, Massachusetts, New Hampshire, Pennsylvania, New Jersey, Delaware, Maryland, Ohio, Kentucky, and even Alabama.

To help identify Gibson dies I have illustrated designs that were frequently used.

If anyone has an attributed maverick bearing some of the above mentioned designs, I would appreciate a post card or letter.

Now to the answer, or at least a possible answer to the Chr.Atz question. If you take a map and look at the states the A. C. Gibson salesmen apparently covered, you will see that New Jersey is surrounded by the ~~ir~~ apparent territory. Perhaps there are mavericks in the token dies that are actually New Jersey tokens. Your help in answering this question would add to the knowledge about New Jersey tokens, and their origin.

City of Elizabeth

New Jersey

First Capital of New Jersey

1947

Roster of
CITY OFFICIALS
for the Year 1947

ELIZABTH CITY ROSTER

I picked up a small hoard (21) of these City Rosters. They date from 1941 to 1968. The early history of Elizabeth is included in them.

If you send a small (\$1) donation to enrich NJES Treasury plus a SASE to the Editor we will send you one.

I don't know if this ticket will show up good or not. However, it is an interesting one from the TRENTON INTER STATE FAIR
Dated 1921

With Summer just around the corner - How many new tokens & tickets are we going to find at the shore this year ????

THE NEW JERSEY EXONUMIA SOCIETY

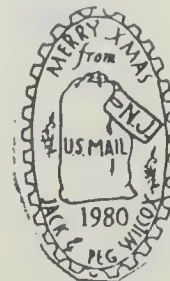

ELONGATED CENT

Jack Wilcox will again design an elongated cent for our annual meeting in Cherry Hill.

ALL MEMBERS WILL RECEIVE ONE IN THE NEXT ISSUE OF THE JERSEYana.

We will try and have these at our meeting for those that wish to buy (\$1 ea.) extras.

250 will be struck.

50-50

Enclosed in this journal you will find your 50-50 ticket for our drawing that will take place at our annual meeting in June. Each ticket cost \$1. and additional tickets are available by just requesting them.

WINNER NEED NOT BE PRESENT BUT - You must write your name and address on the ticket and return the stub & money to NJES P.O. Box 65, Bellmawr, NJ 08031. Make all checks payable to N.J.E.S.

For those that will make the meeting - additional items will be given out. If you can spare some of your dupes (Wooden Nickels, Tokens, etc.) bring them to the meeting or send them to any of the officers. All items received will be given out.

\$50. FORFEITED!

For every Bar of XXX ELECTRIC SOAP that will not do all that is claimed for it when used by the printed directions on the wrappers.

THE CAMDEN & PHILA. SOAP CO
OF
CAMDEN, N. J.

Will present (through the Grocers that sell their Soaps,) a set of these beautiful cards to every one who purchases (at one time) Four Bars of their XXX ELECTRIC SOAP.

XXX

ELECTRIC SOAP.

Must always be used by the printed directions on the wrappers. You can not obtain its full merits by using it in any other way.

TRADE CARDS

(PAPER STORECARDS)

Between 1880-1890 "TOKEN" storecards took a back seat to these Trade Cards. During this time, thousands upon thousands were printed and distributed. (NJ had its share of them). This one is from the Camden & Phila. Soap Co. advertising their XXX soap.

THE NEW JERSEY EXONUMIA SOCIETY

Paterson, N. J., Has New Token-Coins.

The newest thing in trade token-coins have made their appearance in Paterson, N. J., and the plan by which they have been brought into use will probably prove so popular that it will be adopted in other cities, and thus make another series of tokens for the collector.

"Reprinted from the
NUMISMATIST"

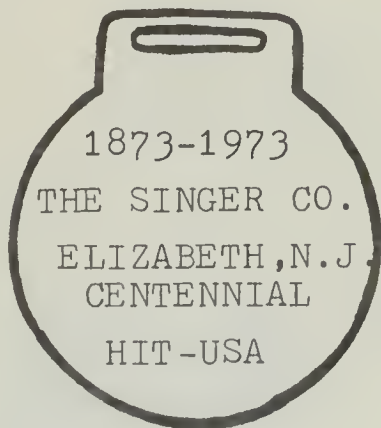

March, 1916

sent in by

David Gladfelter

The system is employed with the co-operation of the Hamilton Trust Co. of Paterson and such merchants of that city as care to adopt it. Metal token-coins ranging in value from $\frac{1}{2}$ cent to 50 cents are purchased by the merchants from the trust company. The merchants allow a discount of two per cent. on all cash purchases, this discount being payable to the customer in the token-coins. The trust company will receive the tokens as cash on deposits, allowing interest on the account.

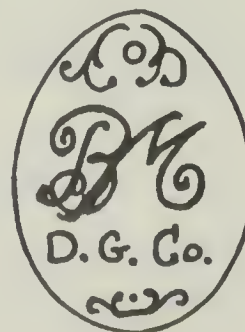

We are indebted to Mr. N. Vreeland of Paterson for a specimen of the $\frac{1}{2}$ -cent piece. This is struck in aluminum and has a notched edge. The obverse has a representation of the trust company's building and the inscription "The Hamilton Trust Co., Paterson, N. J. Deposit Check. Good as Money When Deposited." The reverse reads, "Deposit Before Feb. 1, 1919, and We Will Credit $\frac{1}{2}$ c. on $3\frac{1}{2}$ per cent. Interest Account, Subject to Our Rules. William Boyd, Jr., Treas."

Obv. SINGER'S LOGO

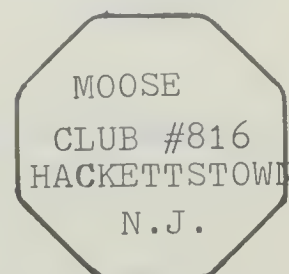

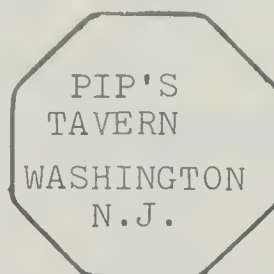

This Watch Fob (Issue in 1973) will be a sad reminder for those who worked for Singer at the Elizabeth Plant - It closed down in March of this year. The State has purchased the Plant and will use it for an Industrial Park.

This CHARGE COIN (BM) most likely was issued for BON MARCHE DEPT. STORES. They had stores in Mass. (where I picked it up), N.Y. & N.C. that I know of.
D.G. CO. - stands for DRY GOODS CO.

THE NEW JERSEY EXONUMIA SOCIETY

PRESIDENTS REPORT

This being my last President's Letter, I would like to express my sincerest thanks and appreciation to everyone who had a hand in making the N.J.E.S. the viable organization that it is today. Kudos to our members for their stedefast support over the past three years, to my fellow officers for their unselfish cooperation, suggestions and diligent performance and last, but not least, to our hard working Editor, Gary Patterson for the magnificent job he has done with our JERESYana Journal.

When Gary and I first entertained the idea of forming this group, we had no inkling that it would develop as rapidly as it has. It is a most gratiflying experience for both of us. To maintain this growth and success, I urge you all to become more involved in the Society. Make an effort to enroll a new member, share your knowledge and interests with an article in the Journal, utilize our free, classified ads and support our dealer members whenever possible.

I'm not going to "fade away" like Mac Arthur, but will be around, (Lord willing) to be of any assistance to our new President, Robert K. Burke and to the Society.

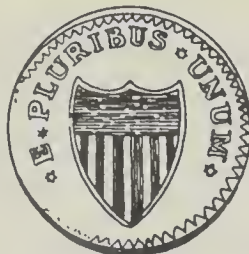

In closing, I would like to welcome aboard the Society's new HLM #2 William Dewey of Whiting, NJ. Not enough can be said about this man and his researching ability and NJES is happy to have him on our team.

Have a pleasant summer and please drive carefully.

Best regands,

Al Zaika

500th MEETING

New Jersey Numismatic Society

N.J.E.S. SALUTES N.J.N.S. ON CELEBRATING THEIR 500th MEETING AND 50th ANNIVERSARY. A SOUVENIR CARD PLUS BRONZE MEDAL WAS ISSUED BY THE CLUB FOR THESE EVENTS. (See Classified ADs on how to order the above items).

They meet on the third Monday of each month in the Helen Chase Memorial Room of the Madison Public Library, Madison, NJ. Meetings start at 7:30 PM and all are invited.

TIME TO PAY YOUR N.J.E.S. DUES

We are enclosing a pre-addressed envelope and dues notice for members to pay dues for the last six months of 1983. We are doing this to get our dues year on a calendar year schedule.

If you don't receive a notice & envelope with this "JERSEYana" please don't send any money, you are paid up thru 1983.

For members who do receive a notice, your prompt payment will be appreciated.

Thank You.

P.S. Now is a good time to think about Life membership (cost \$50.00).

PAK JEFFERSON NICKEL CLUB REGIONAL MEETING — 1:00 PM

NJES (New Jersey Exonumia Soc.) Meeting 3:00 PM

(Paid AD)

NOTE: The Ocean County Coin Club has once again offered NJES the use of a room at their show (and we thank them).

An informal meeting will take place around 3:00 P.M. for those who plan on attending the show. Your new President R.K. Burke will be on hand to meet and discuss any ideas you may have with him.

Over 8 NJES Dealer members will have a table at the show with plenty of Exonumia items on hand for sale.

SO PLAN NOW TO ATTEND THIS GREAT ONE DAY SHOW !

BUSHEL TICKET.

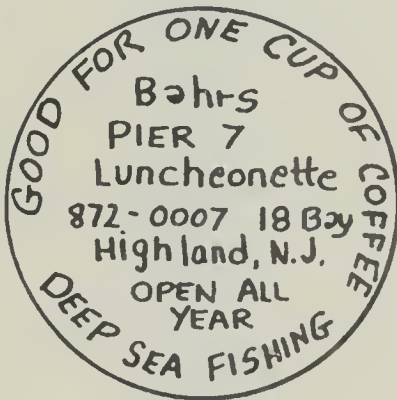

This ticket is not transferable
and payable only to the person who
picked the berries.

MANCHESTER LAND CO.

This ticket found by LM#5 Dave Wilson and given to Bill Dewey and me. We both live in Manchester and are well aware of the Manchester Land Co. The berries refer to cranberries.

We know that the company is shown on maps dated from 1903-1920. However, at this point we can't pin point the exact date these tickets were in use. I'm sure Bill will dig into this much deeper than I will.

WOODEN NICKELS

Back in the 60's Bahrs issued
Two different encased cents
that I know of.

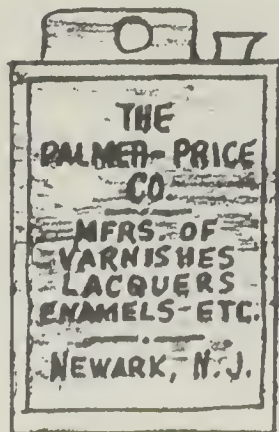

Red Letters/38mm/Indian Head

This wooden nickel should
catch the eye of one member
in Florida who collects
Exonumia from Toms River.

Black Lts/38mm/Indian Head

FIGURAL KEY TAG

Jack & Peg Wilcox send in this rubbing
of a key tag that they picked up. It is
shaped like a Gallon Can.

It is made of Whitemetal and made by
Whitehead & Hoag.

Checking the Industrial Directory of
New Jersey (1943-1944) the PALMER-
PRICE CO. isn't listed. This would make
it well over 40 years old.

TOKENS, MEDALS, WOODEN NICKELS, ELONGATED, ETC. ISSUED IN
RELATIONSHIP TO THE N.J.E.S.

Two Wooden Nickels and One Elongated Cent was issued for the 8th Annual G.S.N.A. Convention in relationship to the NJES. All members have received NJES #18. Extra Elongated cents can be order from the Editor @ \$1 each plus a SASE. If you write Archie Black @ P.O. Box 63, Brick, NJ 08723 and send him a SASE he will send you his.

NEW JERSEY EXONUMIA SOCIETY
3rd Meeting JUNE 25, 1983
G.S.N.A. CONVENTION
CHERRY HILL, N.J.
(HOWELL GARDEN WORKS)
Tokens

The only information I could dig up on this token was that the TAPE WORM, NEPTUNE, N.J. was in business from 1967 to 1976.

This was the time that 8-Track tapes were selling like hot cakes (which they sold). Most likely good for 50¢ off on one.

Alum. 32mm

Your elongated cent (issued for our 3rd annual meeting) was designed by member Jack Wilcox.

It shows the Obv. of the HOWELL
WORKS GARDEN Hard Time Tokens
No.#81 and No.#163

No.#81 was issued in 1834

If you like this idea of placing old NJ Tokens on our elongateds please let us know. We may do it again next year.

THE NEW JERSEY EXONUMIA SOCIETY

" SCRAPBOOK "

Reprints from the NUMISMATIST

MEDAL FOR BETH ISRAEL HOSPITAL, NEWARK, N. J.

The courtesy of Mr. Frank D. Liveright, of Newark, N. J., enables us to reproduce a medal recently issued for the Beth Israel Hospital, of that city.

The obverse shows the buildings of the institution, with the six-pointed star above, within which is "Jehovah" (in Hebrew). Below, "Beth Israel Hospital, Newark, New Jersey, February, 1928," under which is Aaron's rod and olive branches. The reverse symbolizes the work of the hospital.

The medal was designed by J. M. Swanson, sculptor, of Newark, N. J., a member of the American Numismatic Association, and was struck by the Medallion Art Company, of New York City, in bronze. It measures three inches in diameter.

MARCH
1930

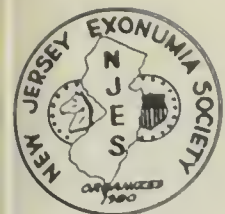

THE WANAUKE PROJECT MEDAL.

To provide a supply of water for several cities in northern New Jersey, the Wanauke Project has been completed after nearly ten years and water was turned on March 20 last. To commemorate this construction a bronze medal three inches in diameter was issued, which is illustrated here. It was struck by Whitehead & Hoag, Newark, N. J.

The obverse shows some of the construction work connected with the project. The reverse has a lengthy inscription. Around the edge of the reverse are the names of the eight contracting municipalities—Paterson, Passaic, Clifton, Bloomfield, Glen Ridge, Montclair, Kearny and Newark. The medal is reproduced from a specimen furnished by the North Jersey District Water Supply Commission.

JUNE
1930

Reprints from the NUMISMATIST

WAMPUM EXHIBIT IN NEWARK (N. J.) MUSEUM.

Among the exhibits in the Indian exposition at the Newark Museum are specimens of wampum money made in a New Jersey factory that for four generations made Indian currency for use on the plains. The wampum mint of the Campbells at Pascack has long since fallen into ruin, but for more than a hundred years it turned out the bead money of the Indian. Not until 1887 did it close its doors.

John Jacob Astor and other great fur traders of the early days were callers at the Campbell mint, where they purchased the wampum with which to buy the skins of beaver, bear and buffalo from the Indians of the North and West. Until the middle of the last century stores in the vicinity of Pascack accepted the wampum as currency for small accounts, knowing that the firm would always buy it back. It was made by the wives and daughters of farmers, under the Campbells' direction.

The decline of wampum as Indian currency commenced in 1830 and practically came to an end when the Government gave the Black Hills reservation to the Indians. Virtually all the Campbell wampum went to the prairies and mountains of the Far West as the red men of nearer regions had become accustomed to real money.

The famous wampum mint of Pascack was founded by John Campbell about 1775. From a private business endeavor in his own house it grew to a plant of its own. For black wampum the Campbells used to obtain clam shells by a long rowboat journey to the Long Island coast. On returning with a load they laid the clams under the trees and invited the neighbors to eat them, with the proviso that the shells be saved. When Washington Market was opened in New York City the Campbells contracted for all its empty clam shells. The conch shells from which the white wampum was made came as ballast from the West Indies to New York piers.

For four generations the Campbells carried on their wampum manufacture. Abraham Campbell, last of four brothers engaged in the trade, died in 1899. In Colonial times not only the Indian but the white settler recognized wampum as legal tender and on the statutes of several Eastern States it was admitted to be currency. So wide was its use at one time that counterfeit wampum made of stone came on the market.—New York Times.

FEB. 1928

MEDAL COMMEMORATING AVIATOR CARRANZA'S DEATH.

Perhaps the only medal issued to commemorate the death of Emilio Carranza, the Mexican aviator, who was killed July 12, 1928, in the United States, while here as a visiting aviator, is shown here. It is struck in silver with a dull finish. Specimen for illustration is from John R. White, of Waitsburg, Wash., who received it direct from the Mexican Mint, where they were struck.

MARCH
1930

The dates below Carranza's portrait are: Date of birth, Dec. 9, 1905; on May 25, 1928, he flew from San Diego to Mexico, and on June 12, 1928, he flew from Mexico to Washington, D. C. The medal was issued in December, 1928.

Although this medal isn't a Jersey item - it is interesting to know that he crashed in the N.J. Pine Barrens and there is a monument for him near Tabernacle (NJ).

For the 55th year, an annual memorial service for the flier is still being observed in Tabernacle Township.

THE NEW JERSEY EXONUMIA SOCIETY

PRESIDENT'S MESSAGE

It is expected that a new president have ideas to share with the membership to point the way for the future, But first, let me say that I was both surprised and honored by the nomination for presidency. Although professionally a musician and coin broker, I'm aware that we as officers and members will want to minimize our interests as dealers and stress the fun of collecting. I believe in the N.J.E.S., and with the solid foundation laid by Al Zaika and Gary Patterson, I anticipate the continued growth of a fine organization, one that encourages fraternization as well as study. It is going to be challenging as well as rewarding I'm sure. I have a number of ideas which will be referred to the next board meeting and then to the next public meeting.

I encourage all who can to attend the O.C.C.C. show where a regional N.J.E.S. meeting will be held at 3 o'clock sharp. Our second "swap" session in Dunellen will be a success if you are there, prepared to barter your "dupes" and to confabulate with your fellow exonumists. Don't forget to mark your calendars !

I have appointed Gary Patterson, who like the other officers is a dedicated and faithful worker, to remain as our Editor. Both Gary and I, as do the other officers, solicit and encourage your support through ideas and comments. We are here to serve you.

Truly yours,

R.K.

Your Officers for the 1983-1985 term are -

Aluminum Spinner Coins

NOW IS THE TIME TO START USING THIS PERPETUAL CIRCULATOR OF YOUR AD! These 1 1/4" diameter coins made of bright polished Aluminum are still being offered at low prices. Prices quoted include ad copy on reverse side in plain gothic capital letters. (APPROXIMATELY 60 LETTERS.)

1,000 to 2,499	\$74.00 per M
2,500 to 4,999	50.00 per M
5,000 to 9,999	34.00 per M
10,000 to 24,999	23.00 per M
25,000 to 49,999	21.00 per M

SHIPPING WEIGHT APPROX. 8# PER M

STYLE 7526-S4

Optional copy "You Win" can be supplied instead of "You Pay" if specified on your order.

All quantity prices are based on making and shipping the entire quantity at one time. When ordering Spinner Coins specify Style S-4 and print copy on separate paper. There is no die charge when copy is confined to plain gothic capital letters. Special quotations will be given where elaborate copy and designs are desired.

No order accepted for less than 1,000 Spinners. Special quotations will be made on larger quantities.

Prices are F. O. B. Cincinnati, Ohio, and based on bulk packing. Allow 3 to 4 weeks for shipment after order is entered by factory.

(2PQ2R)

THE OSBORNE COINAGE COMPANY
Cincinnati, Ohio

by Gary Patterson

NO ! I haven't switched from the Whitehead & Hoag Co. to the Osborne Coinage Co., However, I find it very hard to pass up any Die Sinker information that I find.

I was fortunate enough to come across a small salesman "SAMPLE KIT" from the company (cir. 1965-1966).

The GOOD LUCK STOCK DIES should be of interest to those that have any in their collection.

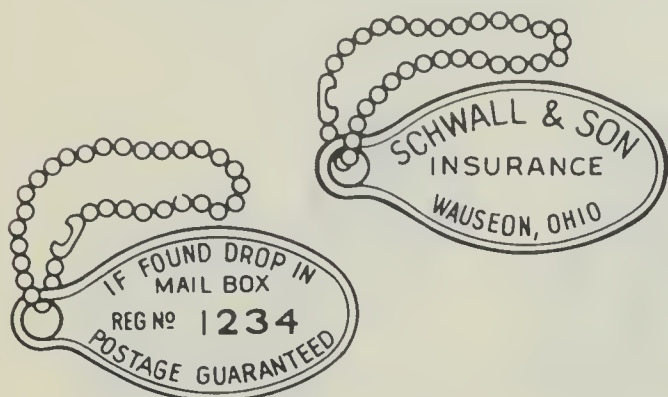

The kit also contains six Key Tags (from different states) showing the FINISH that a customer could choose from. All the tags have the numbers "0000" on the reverse. I had verified from a W&H salesman that tags with "0000" were used as samples by the salesman. It appears Osborne used the same system.

REGISTERED KEYTOKENS

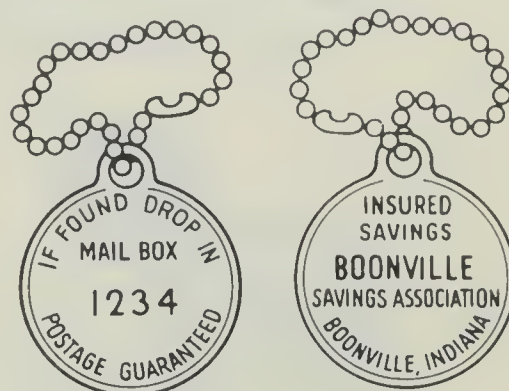

Provide Lost Key Insurance for Your Customers And Build Good-Will for You

COIN
CRAFT
LINE

TWO STOCK SHAPES AVAILABLE IN ALUMINUM, GOLDINE, OR NICKEL SILVER

No. 7526-O

No. 7526-RX

Your customers will appreciate these Registered Keytokens and they are a lasting reminder of your business. If a customer loses his keys with one of your registered Keytokens attached to them, the finder will return them to you. You can readily identify the owner from the registered number and return the keys to him. That's a service which is sure to be appreciated. When you register the name and address of everyone to whom a Keytoken is given, you build up a valuable mailing list.

The prices below cover No. 7526-O Oval Shape or No. 7526-RX Round 1" Dia. with Extended Loop Keytokens only Prices on larger round Keytokens or other shapes will be quoted upon request.

	1,000- 2,499 Per M	2,500- 4,999 Per M	5,000- 9,999 Per M	10,000- 24,999 Per M	Shipping Weight Lbs. Per M

THE NEW JERSEY EXONUMIA SOCIETY
"SCRAPBOOK"

(reprints from the NUMISMATIST)

NEW JERSEY'S MEXICAN BORDER SERVICE MEDAL.

Another State, having seen fit to honor its citizen soldiers who served on the Mexican Border in 1916, has selected a distinguished firm of medalists to produce the attractive and artistic medal shown here. Like the Pennsylvania medals for similar service and for the Twenty-Eighth Division of the A. E. F.,* New Jersey has secured a particularly artistic medal for this new award. It was the idea of Lieut.-Col. Davis S. Hill, of the N. J. N. G., and was designed and struck by the well-known Philadelphia firm, Messrs. Jos. K. Davison's Sons, Inc., who do not aim for quantity production, but strive for quality of workmanship. In this they have admirably succeeded.

JULY ISSUE
1926

The medal is of satin-finish bronze, 35 mm. in diameter, with a coin edge. On the obverse center is the military crest of New Jersey (a lion's head erased or., collared four fusils gules, wreath or torse white and red), below which is a group of oak leaves, indicative of the strength and spirit of the National Guard of the State. The encircling border is inscribed NEW JERSEY NATIONAL GUARD. On the reverse center is a graceful figure of Liberty with a sword at rest in her right hand, indicative of the United States, supported by a spread eagle, emblematical of the Army of our country. The left hand of Liberty rests on a shield bearing the arms of New Jersey, symbolic of the National Guard of the State. Below this group is 1916, the year of service. In the exergue is the Mexican border stone, showing the shields of each Republic; on the dexter, that of the United States with a laurel branch below, and on the sinister, the arms of Mexico with a cactus branch below. Around this is inscribed MEXICAN BORDER SERVICE. The watered silk ribbon is dark Jersey blue with narrow stripes on each side of green, white, red and white, the colors of the two countries. Green, white and red for Mexico; red, white and blue for our own nation, with the blue predominating for New Jersey.

The lion's head crest recently adopted by the State is unique and appropriate. The first settlers of New Jersey were from England and the Netherlands, both of which bear lions in their arms. As Sir George Cartaret, the original Proprietor of the Jerseys, bore on his arms four red lozenges,

they have been copied here. While the figure of Liberty has frequently been used before on medals, it is particularly appropriate here, considering the cause for which our soldiers were sent to the Mexican border in 1916, likewise, the eagle, indicative of the U. S. Army.

Each emblem is so consistently and gracefully placed and the whole so beautifully wrought that the medal has received the greatest praise from numismatists and lovers of medallie art.

We not only felicitate the medalists for their workmanship, but we most heartily congratulate the National Guard of New Jersey and its officers for having secured one of, if not the most artistic service medals issued by our several States. Would that the National Government would do as well.

HARROLD E. GILLINGHAM.

Note: I have seen a few of these medals at local GUN CLUB Shows - priced as low as \$15.00 and high as \$50. They are very popular with Military collectors.

THE NEW JERSEY EXONUMIA SOCIETY
OFFICIAL PUBLICATION

JERSEYANA

*Adopt New
Service Pin*

Presentation of Newly-Designed Emblems
to Begin with Anniversaries on October 1.

THE SERVICE EMBLEM adopted by the Company in 1927 to recognize employees' years of service in the telephone business is being redesigned, and the new emblems will be ready for presentation to employees who become eligible for them on and after October 1.

The principal change in the appearance of the emblem will be the introduction of jewels beginning with the 25-year pin. The quarter-century emblem will contain a sapphire; the 30-year a ruby; the 35-year an emerald; the 40-year a diamond; 45-year, two diamonds, and 50-year, three diamonds. The emblems, to be furnished by the Whitehead & Hoag Company of Newark, will be made of 10-karat gold and the jewels will be genuine 3-point stones.

The little button or pin elasp emblem has served as the symbol of service and the "badge of character" of telephone men and women for many years. The present emblem has been in use since shortly after the Company was formed in 1927. The newly-designed pin will continue to symbolize the impor-

tant nature and the traditions of the telephone business, and recognize the outstanding character, pride in the service and integrity of the people engaged in it.

Years of service, in multiples of five years, will be designated by one, two, three or four stars at the bottom of the emblem, representing five, ten, fifteen and twenty years. The Pioneer triangle will appear on emblems beginning at 21 years—the period of service required for membership in the Pioneer Association—for presentation to employees who join the Pioneer organization. Beginning at 25 years, in addition to the jewel, the period of service, in multiples of five years, will appear in numerals at the top of the emblem.

Employees retiring on service pension will receive emblems designating their actual number of years of service in the business. It is not intended to replace service emblems now in the possession of employees until their next regular service anniversary occurs.

PRESIDENT'S MESSAGE

Since the last Jerseyana much has happened. Our regional meeting in Point Pleasant Beach, at the O.C.C.C. show, gave me a chance to greet some new faces as well as some new ideas. Thanks to Jack & Peg Wilcox our swap-session in Dunellen was very successful, with seven dealers for seven hours keeping their customers happy. I, myself picked up a score of items, and am already looking forward to next year. Our regional meeting at the G.E.N.A. convention allowed a select few to view member Archie Black's slide-show on A.N.A. convention exoniumia. Also at the convention, members Doug Tilghman, Jerry Zara, Archie Black, and myself were exhibit winners, with Archie winning "The People's Choice" award.

I have appointed Past President Al Zaika Librarian for the Society. We expect to have the library in full operation by January of next year; details will follow. The Board is presently looking for an historian, someone to retain and collect all N.J.E.S. property (Memorabilia, etc.). He (or she) would be responsible for exhibiting such material at our meetings, etc. (when applicable), and might want to work closely with our Editor and Librarian in the areas of research and publication. If you are interested, please write or call me.

Things are winding down show and convention wise; Thanksgiving and the Holidays are around the corner. So until we meet again, Happy Thanksgiving, Happy Holidays, Happy New Year, and may God bless you and yours.

Best wishes and regards,

R.K.

THE NEW JERSEY EXONUMIA SOCIETY

" SCRAPBOOK "

(reprints from the NUMISMATIST sent in
by David Gladfelter)

PLAQUE OF MUSEUM OF NEWARK, N. J.

Below is illustrated a plaque struck in 1925 to commemorate the gift by Louis Bamberger of a building to the Museum of Newark, N. J.

The plaque is struck in light bronze and is size of illustration. It was designed by Sculptor John Flanagan J. del.

(Feb. - 1927)

A NOVEL ADVERTISING TOKEN.

An advertising token that does not contain the name of the firm issuing it is illustrated here. The obverse is in imitation of the old Spanish pillar dollar with modern treatment. The reverse has the following inscription: "Pieces of Eight. Davy Jones Locker. 4-3-25. Eta Mu Sigma." (The figures are said to indicate the date of issue, April 3, 1925.)

The piece was issued by the Ferracute Machine Co., Bridgeton, N. J., and is intended to be a sample of the work that can be turned out on the stamping presses they manufacture. The Ferracute Company has been in business for many years and has built a number of the coining presses used in the Philadelphia Mint.

(Nov. - 1926)

TWO TRENTON TRADE TOKENS

by David Gladfelter

I hear welcome reports that a New Jersey Trade Token catalog may be in the making soon. This would be a complicated but very worthwhile effort. No doubt there are many varieties of such tokens out there that have not been listed in the excellent NJ exonumia listings published in the TAMS Journal in the 1970's by Damia Francis and anonymously. I have two such pieces, both from Trenton, and was able to locate some information about them in old Trenton city directories available at the Trenton public library. They are described below. Let's all look through our collections for unlisted varieties, and find out all we can about the merchants from our libraries so that the forthcoming catalog can be as complete and informative as possible.

Louis Simonko

Obv. LOUIS SIMONKO / 151 / LIBERTY / ST. / TRENTON, N.J.

Rev. GOOD FOR / *5* / IN TRADE

Brass, Round, 19mm, plain edge. - Probable Die Sinker: Quint.

The token probably dates from the middle or late 1920's. Simonko lived and operated a confectionery (candy) store at the token address in 1925. In 1929 the business was listed as "varieties." By 1935 it was a cafe, and was also listed as selling beer, wines and liquors. The last directory listing for Simonko was in 1938. The building, in the Chambersburg section of Trenton, is now Varga's Bar.

James Nevins

Obv. JAMES NEVINS / -- / 815 / PRINCETON / AVE. / TRENTON, N.J.

Rev. GOOD FOR / *5* / IN TRADE (smaller letters, stars and numeral than on the Simonko rev.)

Brass, Round, 19mm, plain edge. - Probable Die Sinker: Quint.

The token was probably issued in 1917. In that year, James Nevins lived and sold "varieties" at the address on the token. The previous year, Nevins resided at that address but was listed as a "potter." In 1918 and 1919, he was again listed as a "potter" while residing at the token address. Prior to 1916 and after 1919, he lived at other Trenton addresses; his occupation in 1920 was "rubbermaker." The building no longer stands.

THE NEW JERSEY EXONUMIA SOCIETY

PRESIDENT'S MESSAGE

Your executive board had a successful meeting in late December, making plans for 1984, as we enter the last half of our fourth year as a society. We certainly have overcome many obstacles. More importantly, however, are our plans for the future, both immediate and distant.

Your officers who were present for the board meeting could not think of a good reason why we, the Society, should not hold more "swap=sessions" like those previously held in Dunellen. We are currently searching for places to hold such a gathering in different parts of the state. We see no reason not to meet every three or four months, sort of as on a circuit. Along that train of thought, we have decided to hold our own show - auction, exhibits, bourse, the works - possibly in December; watch for particulars forthcoming. And speaking of shows, we have once again been offered - and accepted - a room for a regional meeting at the Ocean County Coin Club show on the ninth of September. A finer show couldn't be found, and thanks to Archie Black (NJES LM#17), president of the club, we will be able to show the exonumia (and numismatic) world what we are made of ! Thank you, Ocean County Coin Club.

Our library is not quite ready for patronage, but librarian Al Zaika is making steady progress. Without question the next issue of the Jerseyana will contain details for ordering the many items we have amassed.

It is with great pleasure that I report William S. Dewey, NJES Honorary Life Member #2, has been awarded Honorary Life Membership #1 by the Ocean County Coin Club. On a festive night, Club president Black presented the certificate, and then proceeded to act as ANA district representative and presented the former ANA librarian his 50-year membership pin. Congratulations Bill !

Financially speaking, the board turned down a motion to consider the raising of dues. We run a tight ship, but many expenses are unavoidable. However, we were forced to use a new printer for the Jerseyana this year; not only is it of better quality than before, but it is of lower cost. We do mitigate our budget whenever possible. Your support, through placing display ads in the Jerseyana as your business and/or hobby requires, will profit us both. Why not consider a low-cost ad in your budget ? Just send your ad to Editor Gary Patterson and let the results pour in. It's your hobby - it's your publication !

You might want to consider supporting your society by submitting an article. Your favorite item of exonumia, whether you own it or not, would make a suitable topic. You won't get paid for it, but you will get considered for the annual NJES Literary Award as well as get a good feeling from sharing your interests with your fellow Society members.

It is with sadness that we report the death of Isabella DiGiacomo, wife of our vice-president; the Executive Board and members of the Society wish to extend their condolences to Rocco and his family.

Best Regards,

R.K.

ARM BADGE

I'm sure many of you have seen
the heavy bronze version of this
arm badge. It was issued by the
New Jersey State Police and made
by Whitehead & Hoag.

In the early 40's, W&H switched
to laminated plastic (Brand name-
Duroplastic) and in their 1944
catalog shows this lighter version
in plastic replacing the bronze.

P.O. Box 203
Peapack, N.J. 07977
January 4, 1984

Fellow Collectors,

I received the November-December issue of Jersey ANA and was puzzled by the old check that came with it. I had to read the whole issue to find that Pete Hogaboom had donated one to every member. Any other publication would hype it up on the front page.

I find it refreshing to read a publication whose editors consider the dissemination of information to be their main goal. Keep up the good work. By the way, punching holes in the pages for insertion in a binder is a great idea.

As far as my collecting interests are concerned, I started out collecting 19th century U.S. type coins and got involved in tokens and recated items only by accident. One day when I visited a dealer I used to frequent, he had a couple of interesting tokens on his counter. He had no idea what they were and I offered a dollar a piece for them. They turned out to be hard times tokens. I starting reading up on this type of coin and got hooked. The dealer has since gone out of busness, (I guess ignorance is not necessarily bliss).

At present, I am concentrating on medals and tokens from New Jersey issued before 1929. I am particularly interested in finding the so-called dollar commemorating the 50th anniversary of Atlantic City (H-K 651-a). I am also interested in any plastic or hard rubber tokens issued in New Jersey before 1955. Naturally any periodicals or books at all relating to this area of exunomia are welcome additions to my library.

Before I sign off, I would like to mention that I own a very large screw-activated coining press. It is capable of stamping medals as large as 4" in diameter. My father was experimenting with a method of quickly and inexpensively producing high quality coining dies before he passed away. Unfortunately, all he left behind regarding his experiments were the press, some disjoint notes and some dies which would get me in big trouble with the U.S. Treasury if they were ever found. If any members of N.J.E.S. have any expertise in die production or the minting process, I would be happy to hear from them.

Yours truly,

F. C. Ratti

NEWS NOTES

How many stores are known to have issued CHARGE COINS (not plates) in the state of New Jersey ? Member Ed Dence sent in a list of those he has in his collection.

M.E. BLATT	- Atlantic City	MONGER & LONG	- Camden
PREIS	- Atlantic City	STECKER	- Camden
STANTON	- Ocean City	R.W. GOERKE	- Elizabeth
BAKER-FLICK	- Camden	CRANE	- Morristown
BACKERS	- Newark	Konners	- Paterson
GOLDBERGS	- Trenton		
BAMBERGER	- Newark		

Ed has a nice collection of these and I'm sure he would like to hear from anyone who has any that isn't on his list (8627 Crispin Dr. Phila, PA. 19136). ED, I had one from QUACKENBUSH CO., Paterson, NJ but sold it last year - Sorry !

Member Archie Black reports that the Bar Token reported in the last issue (Pg. 186) Cedar Gate Inn (Brick, NJ) also comes with Black Letters on White Plastic.

For those members that collect these plastic bar tokens here is a list of some bars that we know issued them.

THE RESCUE	- Belmar, NJ (2 different types)
DELMONICO'S	- Bradley Beach, NJ
CATS	- Loch Arbour, NJ
American Legion	- Pemberton, NJ
BAR ANTICIPATION	- Belmar, NJ
J.P.'S PLACE	- West Brick-Lakewood

by paying them on time. THANK YOU !

An Illustrated Outline of Pre-Confederation Provincial Canadian Coinage

I. Bank Tokens. In 1835 banks refused to accept anonymous brass pieces except by weight.

A. Bank of Montreal. To supply a copper coinage, the Bank of Montreal began issuing "bouquet sous" (halfpenny tokens) struck of good weight at the Heaton Mint in Birmingham. The value was inscribed on the reverse in French, however incorrectly, viz "sous", the plural of sou (un sou being the equivalent of one halfpenny). The pieces saw much circulation. In 1836 the bank received governmental authority to supply copper and added its name to the reverse, but did not correct the value spelling due to its acceptance as a guarantee of authenticity.

1. (1835) Trade & Agriculture, Lower Canada/Bank Token, Un Sous, Montreal - approximately 72,000 struck
2. (1836) Trade & Agriculture, Lower Canada/Bank of Montreal, Un Sous, Token - above mintage

B. Banque du Peuple (The People's Bank).

1. (1837) Struck by Jean Marie Arnault of Montreal. Agriculture & Commerce, Bas Canada/Banque du Peuple, Un Sou, Montreal - approximately 12,000 struck (semi-rare)
2. (1838) Struck in Belleville, N.J. (U.S.A.). Agriculture & Commerce, Bas Canada/Banque du Peuple, Un Sou, Montreal - approximately 84,000 struck

- a. copper
- b. brass (rare)

C. Province du Bas Canada. Struck by Boulton & Watt in Soho

1. Un Sou/Bank Token, Half Penny, 1837
 - a. City Bank - 240,000 struck
 - b. Quebec Bank - as above
 - c. Banque du Peuple - as above
 - d. Bank of Montreal - 480,000 struck
2. Deux Sous/Bank Token, One Penny, 1837
 - a. City Bank - 120,000 struck
 - b. Quebec Bank - as above
 - c. Banque du Peuple - as above
 - d. Bank of Montreal - 240,000 struck

D. In 1841 Upper and Lower Canada were reunited as Canada East and West to form the Province of Canada. The Bank of Montreal was given the right to coin copper, which was obtained from and struck by Boulton & Watt. Two 1845 tokens were struck but not released.

1. Province of Canada, Bank of Montreal/Bank Token, Half Penny
 - a. 1842 - 480,000 struck
 - b. 1844 - 1,440,000 struck
2. Province of Canada, Bank of Montreal/Bank Token, One Penny
 - a. 1842 - 240,000 struck

E. Bank of Upper Canada, 1850-57. The Bank of Upper Canada received the right to issue copper in 1850, after the capital was transferred to Toronto from Montreal. An order was placed that year for pennies and half-pennies at the Royal Mint. The Province of Canada's agent for the coinage was the British firm of Rowe, Kentish, and Co.; and although "R.K. and CO." appears on the ground line on the obverse, the master tools were engraved by John Pinches of London. The obverse device is "St. George and the Dragon", while the reverse shows the then obsolete arms of Upper Canada. Pieces dated 1850 were struck at the Royal Mint in 1851 and did not reach Canada until 1852. The "dot" between the cornucopiae seems deliberate but without significance.

In 1852 a second order was placed with the Royal Mint which began coinage, but was unable to complete due to more pressing demands. The remaining blanks were transferred to Heaton's Mint in Birmingham and the order was completed. Interestingly, the Royal Mint struck "medal rotation" (↑↑) and the Heaton Mint struck "coin rotation" (↑↓). Due to the adoption of the decimal currency system in 1858, no further orders were given after the 1857 issue. More interesting is the fact that in 1863 the Bank complained to the government that, because of the introduction of the currency system, it had not been possible to put much of the final order into circulation. The government agreed consequently to purchase the tokens and proceeded to store them in Montreal for many years. Through some irregularity, after the Bank had closed in 1867 (the year of the Confederation), a portion received circulation! In any case the tokens were moved to Toronto in the early 1870's, sold as copper bullion, and were melted under government supervision in 1873!

1. Half-pennies

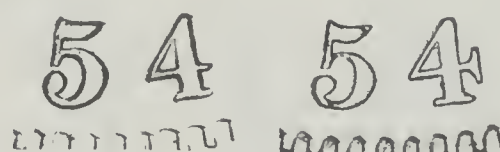

- a. 1850 - 1,500,000 struck
- b. 1852 - as above

- 1) ↑↑
- 2) ↑↓

- c. 1854 - as above

- 1) plain 4
- 2) crosslet 4

- d. 1857 - 3,000,000 struck

Plain 4

Crosslet 4

Dot between cornucopiae tips

2. Pennies

- a. 1850 - 750,000 struck
- 1) with dot between cornucopia
- 2) without above

- b. 1852 - as above

- 1) ↑↑
- 2) ↑↓

- c. 1854 - as above

- 1) plain 4
- 2) crosslet 4

- d. 1857 - 1,500,000 struck

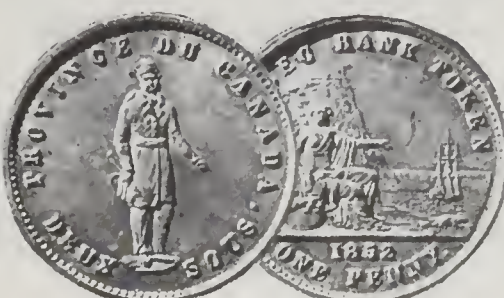

F. In 1852 the Quebec Bank was allowed to issue halfpennies and pennies due to a serious copper shortage in Quebec. The Bank of Upper Canada coinage was supposed to be enough for the entire province; however the first two issues of this bank were not delivered until 1853, and the first Quebec Bank was desperate. Although the government sanctioned the 1852 issue, a second request was denied due to the contemplation of a decimal currency. The Quebec City coat of arms is on the reverse of these pieces struck by Ralph Heaton & Sons.

- 1. Province du Canada, Un Sou/Quebec Bank Token, Half Penny, 1852
480,000 struck

- 2. Province du Canada, Deux Sous/Quebec Bank Token, One Penny, 1852
240,000 struck
